INDEX TO THE "BULLETIN OF THE JOHN RYLANDS (UNIVERSITY) LIBRARY", VOLS. 51-60 (1968-78)

PREFACE

THE following index, prepared by Mr. C. J. Canner, B.A., Dip. Lib. Stud., an Assistant Librarian in the Library, is a continuation of two earlier indexes to the BULLETIN, that to the first twenty-five volumes, compiled by the late Thomas Murgatroyd, and that to volumes 26-50, also compiled by Mr. Canner. The former was published as part of volume 25 in 1941 and subsequently off-printed, and the latter appeared separately in 1976. Mr. Canner notes:

The method followed here is largely the same as in the previous indexes, with entries for authors of articles and notes and selected subject and title entries. The fullest entries are under the names of the authors; entries under other headings are usually abbreviated, so that referring back to the author entry is sometimes useful. The arrangement within headings is generally alphabetical but within the large heading for the Library itself convenient subdivisions are introduced. Unsigned contributions in the "Notes and News" section of each number are by the Editor or members of the Library staff.

I gladly express my gratitude to the Editor, for his advice and encouragement, and to Miss G. A. Matheson, Keeper of Manuscripts, for checking entries relating to the manuscript collections. However, for any errors I remain responsible.

It is hoped to publish future Indexes to the BULLETIN at regular intervals, covering, as does this Index, ten volumes each.
